

GENERAL STUDIES ELECTIVES

This list of general studies electives is offered by EGCC on a recurring basis. All electives may not be offered every semester, and it is extremely important that the student works with an advisor or the director of transfer to establish a sequence of courses which will 1) allow the student to compete coursework at EGCC in a timely manner, and 2) ensure with some degree of confidence that the program completed will allow the student to transfer to his/her selected four-year institution with junior status. In some instances, this may not be possible. However, with prior planning and pre-developed agreements between the student and the granting institution, many problems will be avoided.
